VTT Donates School Desks and Chairs to Wayne County Sheriff's Department

Helping to Train our First Responders

PALMYRA, NEW YORK, September 12 -V Technical Textiles, Inc. is proud to announce the donation of 80 Classroom chairs and desks to the Wayne County Sheriff's Department for use in their Education and Training Center for the ongoing training of Wayne County's first responders in many facets of police work, helping them to be ready for the varied and unpredictable situations that they face on a daily basis.

Sheriff Barry C. Virts responded **"This Office is very fortunate to receive a donation of student classroom desks and chairs from V Technical Textiles. The desks and chairs will be used to simulate a classroom setting when conducting our Active Threat Training. The more real we can make the environment the better our training will be. Thank you to V Technical Textiles for their donation."**

VTT is proud and thankful for the Wayne County Sheriff's Department and the work that they do to keep our communities and citizens safe and protected from Criminal Activity.

VTT fabricates and markets Faraday Bags and Evidence Pouches, used by many law enforcement agencies to keep "electronic evidence" (computers, phones, and similar devices) seized from criminals free from online tampering by blocking the devices from being contacted wirelessly while they are enclosed in the evidence pouches, keeping the "chain of evidence custody" intact while these devices are in their possession after seizure.

Located in Palmyra, New York, V Technical Textiles, Inc. is the leading manufacturer of RF Shielding and EMI enclosures and tents. Our benefit is our flexibility; with our metallized fabric enclosures being lightweight, portable, custom made, and providing unparalleled shielding performance.
