VTT WISHES EVERYONE A HAPPY HOLIDAY SEASON!

All the Best to You!

NEWARK, NEW YORK, December 20 -V Technical Textiles, the world leader of RF Shielding and EMI Enclosure fabrication, wishes everyone a Happy Holiday Season....it's been a busy year for VTT with the purchase and move to a new location, centralizing our business operations.

In addition to that, We introduced our new Reverberation Chamber, Attended the IEEE EMC + SIPI Meeting in New Orleans, the Automotive Testing Expo in Novi Michigan, and the Space Tech Expo in Bremen, Germany. Our year was capped off with V Technical Textiles, Inc. being named "2019 Business of the Year" by the Greater Newark Chamber of Commerce in November.

We're **ALWAYS** working on new products and approaches to solving the upcoming challenges of 5G, Autonomous Vehicle testing, and Aerospace concerns as the US prepares to return to the moon in 2024! We've had a great year and thank all of our customers for their continued patronage and trust to help them with their varied RF/EMI shielding needs, conductive metalized textile needs, and shielding garments. Enjoy this Season with family and friends as we all prepare for the start of an exciting New Year!!
