Women Owned Small Business,  
Manufacturer of RF shielded enclosures,  
curtains and clothing solutions using the  
world's finest selection of conductive  
textiles, threads, and notions.

### Core Competencies

- Sales and distribution of conductive textiles
- Fully functional integration center for the design, prototype, cut & sew of conductive textiles into finished products. No limitations in size and production capacity
- R&D capability for development of advanced conductive textiles and coatings
- Precision cut pieces along with 3D design capabilities
- Specialized post process coatings
- Conductive tapes
- Conductive hook & loop and zipper
- Slitting
- Laminating

### Differentiators

- Largest source of diverse electrical/thermal conductive textiles in the world
- Direct access to plated textiles which reduces cost and delivery times.
- Full textile integration / fabrication facilities
- Personal solutions to customer needs
- ED/WOSB/SBA certified woman-owned small business.
- BAA/Berry compliant materials
